NOTE. — Les pays dont le système monétaire n'est pas définitivement ou entièrement rattaché à l'or sont indiqués en caractères italiques.
Les monnaies utilisées dans les divers tableaux peuvent être converties d'une manière approximative, l'une dans l'autre pour une date quelconque en prenant la relation entre leurs cours du change exprimés en cents (ou les parités suivant le cas) tels qu'ils figurent dans le tableau 107.

NOTE. — Countries whose monetary systems have not been finally or completely linked to gold are indicated in italics.

The currencies used in the different tables of the Year-Book may be converted into any others for any date by taking the relation between their respective exchange rates expressed in cents (or their parities) as given in Table 107.
